COURSE DESCRIPTION: Mariachi I

Bring a new dimension to your music program by offering Mariachi at your school. Participants in the **Mariachi I** course will be provided with sample materials so that they may present the concept to district administrators, principals, parents, and fellow educators. Resources that will be provided include curriculum documents, beginning level musical arrangements, recordings, historical text, list of contacts for instruments, uniforms, and clinicians and lots lots more! Participants will have the opportunity to learn to play the guitarron, vihuela, and mariachi guitar in authentic style including ranchera, son, bolero, etc.

Those with band background are asked to bring a trumpet to the workshop and those with string background are asked to bring a violin. Guitar teachers may bring their own guitars. Guitarrones, vihuelas, and additional guitars will be provided.

Emphasis will be placed on ensemble performance in order to apply the stylistic skills to be learned and, subsequently, taught. Participants will thus walk away with newly acquired skills and materials so that a mariachi program can be introduced successfully into their school's comprehensive music program.
